CENTRE FOR INTERNATIONAL & PROFESSIONAL EXPERIENCE

CIPE Newsletter

Greetings from CIPE,

Today marks the start of CIPE's contribution to culture change at the College - in order to combat our throwaway culture, we're asking you to bring your own place settings to our catered events. We think it's a small step in the right direction.

I also continue to think about our culture of busyness and how we can move to a greater focus on joy and fulfillment in our overscheduled days. Over the weekend, I was talking to my own college roommate and comparing our time at a small, academically intense liberal arts college (Swarthmore) with life at Yale NUS. We agreed that getting off campus a lot (in our case that meant taking the train to New York to go to a club or a concert in Philadelphia) was crucial for a sense of perspective and balance. Today, once again living on a college campus, I find myself making sure to leave the bubble. Singapore is a great city, waiting to be explored. Maybe a pop-up flea market, music at *Scape or Timbre, catching a movie at The Projector, or finding the best char kway teow is your style; whatever it is, get to know the city better whether you've lived here your whole life or just a few months.

As always, the newsletter lists our upcoming events, opportunities and important deadlines. One event many of you will want to attend is the Summer Opportunities Fair on November 14th – come talk to us about your interests and to hear what kind of opportunities we're planning for the summer. We're also happy to announce our newest members of the CIPE student advisory committee (SAC) from the Class of 2022. For the profiles of all our SAC members, please see the [CIPE website](#). Any of them is happy to answer questions about CIPE or hear from you about things you'd like to see CIPE offer.

Cheers,
Dean Trisha Craig

Announcement

At CIPE we want to better reflect environmental stewardship in our practices, especially in reducing the waste created during our catered events.

There are two steps you can take to help us:

1. Practice BYOing. Bring Your Own Box, Mug and Cutlery. Switching from one form of disposables to another is not a solution – we need to address throwaway culture. Moving forward we will be asking you to bring your own washable tableware to all catered CIPE events. **By November 1, 2018** we will be asking caterers not to provide any disposable tableware during buffet meals. Look out for more BYO reminders in upcoming event posters!

2. RSVP to events by the stated deadline. RSVPing means we will order food for you at a catered event. Indicating your attendance helps us make more accurate projections for how much food needs to be ordered. This information also helps Sodexo factor in CIPE catering when planning meal projections, reducing combined food wastage.

Significantly reducing the waste that we create requires a larger cultural and institutional shift. Thank you for being a part of the effort.
