Greetings from CIPE,

Congratulations to all our seniors who have completed their capstones! It has been a real pleasure to hear some of the capstone presentations and see some of the artistic work produced. It is a real achievement, and we hope you are as proud of yourselves for the accomplishment as we are of you.

For those of you with capstones in History and the Social Sciences, see below for information about Eleven, an undergraduate sociology journal at Berkeley that publishes senior theses and capstones and is interested in receiving submissions from Yale-NUS students and recent alums. Also, for graduating seniors who are Singaporean citizens thinking about applying for a Master’s degree later this year for matriculation in 2020, we are excited to see that the Singapore Fulbright programme no longer has a three year post-graduation work requirement, making it an attractive consideration for some of our seniors. See below for more information.

We are looking forward to EYW this weekend and helping to welcome the potential members of the Class of 2023. Invariably, attendees want to know about the opportunities available to them at Yale-NUS so do share your CIPE stories with them if you are talking to them.

And for those of you who will be taking part in CIPE-sponsored opportunities, please remember we’ll see you at the summer pre-departure orientation on April 23rd beginning at 9:00am (8:30am for refreshment and registration) in the Performance Hall. While it’s required for those on CIPE-sponsored activities, anyone traveling abroad for the summer is encouraged to attend. Also, for those traveling on non-CIPE sponsored programs, remember that you are not automatically covered by NUS travel insurance. If you would like coverage, please see below for more information.

Finally, as we come to the end of another academic year, good luck to all with paper and exams. Be good to yourselves in this final stretch by getting enough rest, eating well, exercising and drawing on your friends and support networks.

Cheers,
Dean Trisha Craig

**SUMMER OPPORTUNITIES**

**CIPE SUMMER PRE-DEPARTURE ORIENTATION**
CIPE Summer Pre-departure Orientation Students participating in a CIPE sponsored activity this summer are required to attend the Pre-departure Orientation on Tuesday, 23 April. We will be covering important details from safety concerns to responsibilities we expect from you as representatives of the Yale-NUS community, to program-specific information. Engaging with past summer participants on these issues helped us collectively get through emergencies from appendicitis and other student health issues, to military coups, missed flights, and lost passports. More importantly, International SOS will be on hand to share the feature on Travel Tracker on the mobile app which will send critical updates to you during times of emergency. Please come with the International SOS app downloaded (use your full passport name, Yale-NUS email address and Yale-NUS membership number 02AYCA085883 to create your profile) to facilitate the live simulation. For all of these reasons, attendance at Pre-departure Orientation is mandatory to securing your spot in your program. Students who are currently abroad or who believe they have a valid excuse to not attend (a rare occurrence) should get in contact with their CIPE program manager to discuss alternative arrangements. Those of you embarking on non-CIPE related travel may also find some of this information essential and are encouraged to join us for this orientation. The CIPE Summer Orientation Schedule and an important brief on visas, vaccinations, and insurance will be sent to you in the following weeks. Please read both documents before orientation and come prepared with any questions you may have.

Date: Tuesday, 23 April 2019
Time: 9:00am to 11:00am (Mandatory session - refreshment and registration starts at 8:30am) / 1:30pm onwards (Specialised sessions)
Venue: Performance Hall / Various rooms

**SUMMER INSURANCE COVERAGE FOR STUDENTS ON NON-CIPE SUMMER PROGRAMS**

DECIDING ON SUMMER OPPORTUNITIES - FAQs
As you hear back from different summer opportunities, please remember that CIPE positions are competitive and intended to be accessible to as many students as possible. Our policy of sponsoring only one experience per student per summer is designed to encourage students to make the most of their opportunities and focus on the quality of that experience rather than encourage a higher quantity of shorter duration experiences. That said, there may be cases where a student engaged in a long-term summer opportunity may also be eligible for a week-long opportunity (such as Social Impact Bootcamp or a LAB).

There may even be occasions where we will need to make decisions with incomplete information. Most of our programs have varying deadlines and you will be accepted to some before others. Accepting a place in one programme typically requires withdrawing your application to another that is still pending a decision. If you find yourself in a position of having to decide with incomplete information, please visit our Summer Opportunities FAQs first. You can also talk to your CIPE advisor or another CIPE staff member to weigh the pros and cons of the situation. Facing these decisions now will help you make more serious difficult decisions later in life.
